Location: Ho Chi Minh City, Vietnam

Objective

Physics and Physics Engineering student with strong analytical and data-driven thinking, a foundation in programming, and knowledge of IoT, embedded systems, signal processing, AI, and Machine Learning. Seeking an internship opportunity to gain practical experience and apply technical skills to real-world engineering and technology projects.

Technical Skills

- Programming: C++, Python, MATLAB
- Computer Science: Object-Oriented Programming, Data Structures & Algorithms
- Data & AI: Data Analysis, Data Visualization, Machine Learning Basics
- Signal Processing: Digital Signal Processing, Signal Analysis
- Electronics: Basic Electronics, Digital Electronics, Circuit Analysis
- IoT & Embedded Systems: Basic IoT Concepts, Embedded Systems Basics, Arduino IDE
- Measurement & Simulation: Sensors and Measurement Systems, System Modeling and Simulation
- Tools: Git, VS Code

Education

Bachelor of Physics / Physics Engineering

University of Science

Expected Graduation: 2028

Relevant Coursework

- Programming Fundamentals
- Object-Oriented Programming
- Data Structures & Algorithms
- Engineering Mathematics
- Basic Electronics
- Digital Electronics and Logic Design
- Sensors and Measurement Systems
- Modeling and Simulation
- Machine Learning Fundamentals
- Digital Signal Processing

Academic Practice & Self-learning

- Practiced C++ programming through basic algorithms and problem-solving exercises
- Used Python/MATLAB for mathematical computation, data analysis, and visualization
- Studied basic concepts of sensors, measurement systems, and data acquisition
- Learned IoT and embedded systems fundamentals, including microcontrollers and sensor modules
- Explored digital signal processing concepts such as sampling, filtering, and signal analysis
- Studied basic Machine Learning concepts and applications in data-driven problems

Soft Skills

- Analytical and Logical Thinking
- Problem Solving
- Self-Learning and Adaptability
- Teamwork and Communication
- Attention to Detail
- Responsibility and Time Management

Languages

- English
- VietNameese
